[MS Access 2010 or 2013 Runtime Download](#)

Our LIMS software is MS Access application. If you do not own Microsoft Access 2010 or 2013, there is NO NEED to purchase it right now, please check on the following link for download the runtime MS Access from Microsoft:

- [Download Microsoft Access 2010 Runtime](#)
- [Download Microsoft Access 2013 Runtime](#)

We do however recommend having the purchased version of Microsoft Access as it enhances the end user experience.
